

IBD FRICTION SHAFT

Company _____

Phon _____

Individual contact _____

Fax _____

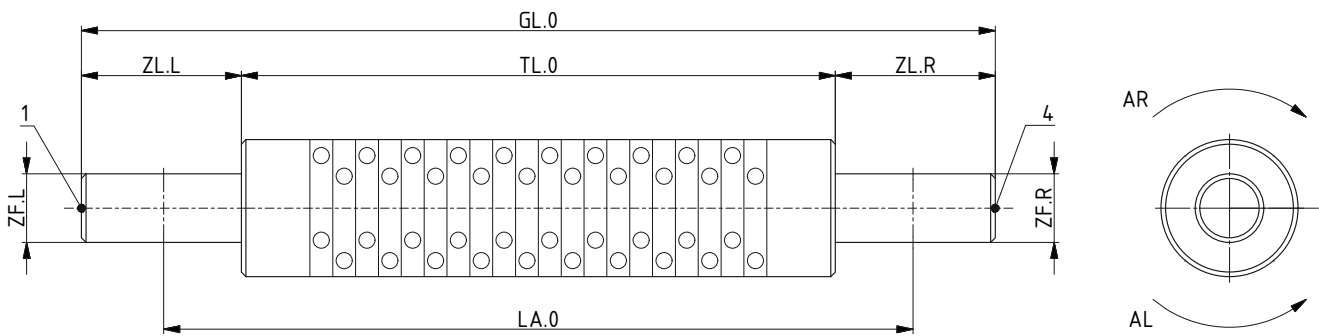

Adress _____

Email _____

Postcode, City _____

 quantity:

Specification friction shaft series MFW-K

 Location of air valve: 1 2

 Location of drive/brake: 1 4

Core data

01.0 core I.D. mm _____
 02.0 toleranz mm _____
 03.0 core O.D. mm _____
 04.0 core material paper steel plastic

Web data

05.0 max. width mm _____
 05.4 min. width mm _____
 06.0 multiple cores yes no
 06.1 number of cores _____
 06.2 min. core width mm _____
 07.0 max. roll diameter (for 05.0) mm _____
 07.4 max. roll diameter (for 05.4) mm _____
 08.0 max. weight at max. width kg _____
 08.4 max. weight at min. width kg _____
 08.5 max. weight each reel kg _____
 12.0 web material _____
 13.0 max. rpm 1/min _____
 13.1 max. speed m/min _____
 15.0 max. tension N _____
 15.1 min. tension N _____
 16.0 max. torque Nm _____
 16.1 min. torque Nm _____
 16.2 max. torque per cores Nm _____
 16.3 min. torque per cores Nm _____

Journal information

journal length ZL. (L) left mm _____ (R) right mm _____
 journal design ZF.
 round \emptyset mm _____ mm _____
 square mm _____ mm _____
 triangular mm _____ mm _____
 journal quality ZQ unprocessed hardened grinded
 others _____

journal detail
